## 1. Purpose of the visit

The purpose is tourism only: a short family holiday to see Toronto, Niagara Falls, Ottawa and Vancouver. We will not work, study or seek medical treatment in Canada, and no one in Canada is inviting, hosting or paying for us. We have booked hotels for every night of the stay, and the full day-by-day plan is in the enclosed itinerary.

## 2. Why Canada, and why this plan

Canada is a country we have long wanted to show our children, and in winter it offers them things they cannot see at home: snow, frozen waterfalls and skating outdoors, together with world-class museums and aquariums that keep a visit comfortable whatever the weather. We have chosen three cities that are very different from one another, so that one holiday shows our children the breadth of the country:

- Toronto and Niagara Falls – Canada's largest city, with the CN Tower, Ripley's Aquarium of Canada and outdoor skating at Nathan Phillips Square, and a day trip to the Horseshoe Falls, which in winter are framed by ice and mist. Journey Behind the Falls and the Niagara Parks Power Station, both open in winter, let the children see the falls from behind and learn how they have produced electricity for more than a century.
- Ottawa – the capital: Parliament Hill and its buildings, the Rideau Canal, which in winter becomes a skateway through the heart of the city when the ice allows, the ByWard Market, and the Canadian Museum of Nature with its dinosaur and fossil halls.
- Vancouver – a city between the mountains and the ocean: Stanley Park and its seawall, the Vancouver Aquarium, the Capilano Suspension Bridge, snow at the top of Grouse Mountain, Science World, Granville Island and the Bloedel Conservatory.

Our daughter xxxx xxxx and studies in the IB Middle Years Programme, will see the country's Parliament, its museums, its science centre and its great buildings; our son xxxx xxxx will see the aquariums and the dinosaurs and will play in the snow. As a partner in a construction consultancy, I also want to see Canada's landmark buildings and cities. Every day of the plan has indoor attractions as well as outdoor ones, and the children's ages have guided the pace of each day. We will choose halal food throughout, which is easy to find in Toronto, Ottawa and Vancouver; where a restaurant is not halal, we will choose seafood or vegetarian dishes.

## 3. Travel plan, hotels and flights

We will arrive at Toronto Pearson International Airport on Tuesday 5 January 2027. On Friday 8 January we will travel from Toronto to Ottawa by train or road, on Sunday 10 January we will fly from Ottawa to Vancouver, and on Friday 15 January 2027 we will leave Vancouver for home in Lahore. Two rooms are booked at each hotel for the four of us, in my name:

| Dates | City | Hotel and address | Nights | Confirmation No. |
|---|---|---|---|---|
| 5–8 Jan 2027 (Tue–Fri) | Toronto | XXXX<br>Tel. xxxx | 3 | xxxx |

| 5–15 Jan 2027 | Total | Two rooms at each hotel for 2 adults and 2 children, booked in my name | 10 | |

Our domestic flight from Ottawa to Vancouver is reserved with WestJet for the four of us:

|---|---|---|---|---|
| Sun 10 Jan 2027 | WestJet WS611 / WS113 (one stop at Calgary) | Ottawa (YOW) – dep. 06:10 | Vancouver (YVR) – arr. 13:00 | xxxx |

Connection at Calgary (YYC): WS611 YOW 06:10 to YYC 09:55, then WS113 to YVR arriving 13:00.

## 4. Our earlier application, and what is different now

Our earlier applications were refused on 19 August 2026 (my application xxxx UCI xxxx my wife's application xxxx UCI xxxx under subsection 16(1) of the Immigration and Refugee Protection Act, because a previous United States visa refusal had not been declared in the answer to the question on previous refusals. I accept that finding without reservation. The answer was incomplete, I did not check it carefully enough before the application was submitted, and I take full responsibility for it.

This application has been prepared from the beginning. Every visa refusal any of us has received – from the United States, from Canada and from the United Kingdom – is now declared in all four sets of forms, and the forms of all four of us give the same history. My wife and I have each written a separate letter answering the refusal point by point, with the documents that support each answer; those letters and this one describe the same family, the same finances and the same facts.

## 5. Travel History

Our family has an established and consistent record of international travel. Since 2017 I have made 12 visits to six countries – Saudi Arabia, the UAE, Türkiye, Azerbaijan, Qatar and Germany – and my wife 12 visits to five countries, most of them together as a family. Every visit was short, every journey was completed, and each time we returned to Pakistan on time. I have never overstayed or breached the conditions of any visa granted to me. Our children have travelled only with their parents: every trip shown for xxxx and xxxx also appears on their mother's record, and every one except the one-day Qatar entry of 16-08-2026 also appears on mine.
